Main description:

Beta convector 1000W/230V with electronic thermostat and connection box for fixed installation. White color, RAL9010. IP21. 389x853mm.

Description

Ecodesign-compatible convector with accurate electronic thermostat, which can be controlled from the thermostat or with downloadable Bluetooth-application (Android and iOS). Features for temperature control are calendar, boost, and vacation. Energy consumption can easily be monitored from the app. Thermostat has an intelligent temperature change feature that can be activated with external voltage and wireless slave-heater feature with a maximum of 10 convectors.
